B65 9EB, UK

Dear Mr Bhurji

Ref: - ADR, Commercial Mediation & Negotiation Training

I refer to the ADR, commercial mediation and negotiation training you delivered for the Business Law Academy on two separate occasions, here in the UK. As you will recall the delegates were all senior government officers, lawyers and judges.

Your delivery, knowledge and expertise of the subject matter was warmly received, we are grateful that you wrote and delivered this bespoke training program for us at such short notice. What enhanced the theory were the real-life examples of the cases that you have mediated which reinforced the learning.

We found you through an internet search and choose to appoint you, as it was quite clear from your CV and references that you are a real expert in the mediation world, the training you delivered actually exceeded our faculties expectations, a view which was indeed commented upon and shared by all the delegates.

We have further training coming up in Dubai and Nigeria, which we will require your value input on. I would most certainly recommend you as a mediator and mediation trainer to others who wish to learn more about mediation.

Yours sincerely

For: Business Law Academy
