Dear Harvinder

Company / Business Dispute - Mediation

Thank you for your assistance yesterday and mediating this very complicated matter for my client. There were several issues in play; the main ones being a company, business dispute over an oral contract between the parties concerning an exit strategy and purchasing of a business.

Mediation was a must as legal costs were mounting up, if this matter went to a full blown trial the parties would have been facing tremendous costs.

You managed to bring this year long dispute to an end within two and a half hours, as you are aware I was not present at the mediation, although was in the building, having spoken to my client afterwards they seemed happy with the way the mediation went.

We are delighted that a satisfactory resolution was founded, which would not have been possible without your mediation expertise, I would have no aversion in recommending you to the rest of the profession.

Yours sincerely

John McCormack
Solicitor
